

The Black Velvet Distilling Company

(A Company of Heaven Hill Distilling Canada Inc.)

August 10, 2020

To whom it may concern,

We are pleased to use Chris Craig and the staff at Securcom Technologies for our security requirements.

I have had great experiences with their equipment, services & training. They have been professional, courteous and are always on standby to help. The technicians are prompt & experienced, and the level of installations have always met our expectations. They are responsive to our onsite safety protocols and leave our establishment clean & tidy upon completion of their work.

I would personally recommend Securcom Technologies for any commercial security systems and services. If you have any questions, please reach out to me directly at 403-317-2128.

Sincerely,

Claude Bilodeau
